

How does myhalo help?

myhalo's services make conscious decision-making easy and accessible, so you have the satisfaction of knowing you're helping protect the planet without breaking a sweat (or the bank)!

With myhalo you can:

ReLove

Purchase pre-owned, in-circulation devices and extend their lifespans.

Rescue

Repair old devices to extend their working life.

Upcycle

Professionally wipe out user data and put your device up for adoption.

Safely

Our professionals securely transfer and manage your data across all devices, according to our ISO-certified procedures

Conveniently

Our integrated systems and pricing algorithm create a seamless experience for you

Responsibly

By embracing repair and resale, we extend the lifespan of your devices and keep them out of landfills and incinerators

Embracing circularity has never been easier!

Come join us on our journey to a world with zero e-waste.
